DEPARTMENT OF TRAINING & PLACEMENT
ACADEMIC YEAR 2024-25

Date: 20-12-2024

Name of the event:	Industrial Visit of SAP Students at Dhananjay Group, Shendra MIDC, Chhatrapati Sambhajnagar.
Date of the event & Venue:	18th December 2024 (Dhananjay Group, Shendra MIDC, Chhatrapati Sambhajnagar)
Participants:	20 students batch of SAP
Event Speakers & Delegates:	1) Hon. Shri.Vinayak Budhawant Sir (Corporate Head HR Manager, Dhananjay Group) 2) Hon.Shri.Sunil Madan Sir (Plant Head, Dhananjay Group) 3) Hon.Mahesh Phawade Sir (SAP Head, Dhananjay Group)
Summary of the event:	On 19th December 2024(Wednesday) , a group of 20 SAP students from CSMSS Chh. Shahu College of Engineering visited Dhananjay Group, located at Shendra MIDC, Chhatrapati Sambhajnagar (Aurangabad). The visit was organized as part of our academic curriculum to provide practical insights into industrial operations and manufacturing processes. Dhananjay Group is known for its diverse business interests, primarily in manufacturing and production. Dhananjay Group is a prominent industrial conglomerate based in the Shendra MIDC, an industrial hub in Chhatrapati Sambhajnagar. The group is engaged in manufacturing a wide range of products. The company has established itself as a leader in its sector, known for its high-quality products and innovative manufacturing processes.
Objectives & Key Highlights of the Visit:	The key objectives of the visit were: A) To understand the operations and functioning of an industrial group. B) To explore the application of modern enterprise resource planning (ERP) solutions in real-time industry processes. C) To interact with professionals and gain insights into industry standards, challenges, and growth opportunities. <u>Key Highlights of the Visit</u> 1) Factory Tour: The students were given a detailed tour of the manufacturing facilities, where they witnessed the entire production process, including raw material handling, machining, assembly, and quality control. They observed state-of-the-art machinery and automation techniques used to enhance production efficiency.

- 2) **ERP Systems and Automation:** One of the most significant aspects discussed during the visit was the application of ERP systems in managing production schedules, inventory, and supply chain operations. The company representatives shared how they leverage SAP to streamline their business processes and ensure real-time monitoring and control.
- 3) **Production Techniques and Quality Control:** The students were introduced to various production techniques such as lean manufacturing, just-in-time (JIT) inventory management, and Six Sigma quality control methods. The importance of maintaining high-quality standards and minimizing waste was emphasized, showcasing the company's commitment to excellence.
- 4) **Sustainability Initiatives:** A key discussion point during the visit was the company's focus on sustainability. Dhananjay Group has implemented several green initiatives, such as reducing carbon emissions, recycling waste, and using energy-efficient machines, which are aligned with global sustainability trends in manufacturing.
- 5) **Interactive Session:** An interactive session with industry experts provided valuable insights into the current trends and challenges faced by the manufacturing industry. The SAP students had the opportunity to ask questions regarding career opportunities, industry growth, and the future role of ERP systems in business transformation.

Learning Outcome(s):

The industrial visit was an enriching experience for the SAP students, allowing them to bridge the gap between theory and practice. Some of the key learnings included:

- A deeper understanding of how ERP systems like SAP are implemented in real-life manufacturing processes to ensure operational efficiency and data integration.
- Awareness of industry best practices in production, inventory management, and quality assurance.
- Insights into the challenges faced by manufacturing companies in adapting to technological changes and global market demands.
- Knowledge of sustainability practices within industrial operations, highlighting the importance of corporate social responsibility.

Conclusion:

The visit to Dhananjay Group, Shendra MIDC, was a valuable educational experience for the SAP students. It not only enhanced their technical knowledge of industrial operations but also provided them with practical exposure to the application of ERP solutions in a real-world business context. The visit reinforced the significance of continuous innovation, quality control, and
